4. FIRST AID MEASURES

Symptoms and First Aid Measures

Inhalation	Not applicable with normal use. If fumes or combustion products are inhaled, remove patient from contaminated area and seek medical advice
Skin Contact	This product is intended to be in contact with human skin. If irritation occurs, wash affected area and discontinue use
Eye Contact	May cause irritation. Rinse with clean water and seek medical advice. Avoid assembling dispensers at eye level
Ingestion	This product contains an equivalent of 70%w/w ethanol. Give plenty of fluids. Seek medical advice

Medical Attention and Special Treatment

Seek medical advice. Treat symptomatically

5. FIRE FIGHTING MEASURES

Suitable Extinguishing Media	Powder, foam or carbon dioxide extinguishers are suitable
Physicochemical Hazards	No significant fire hazard under normal circumstances. Contains ethanol. May be dangerous when exposed to heat. See Section 9 Physical and Chemical Properties
Special Protective Equipment and Precautions for Fire Fighters	Fire fighters to wear self-contained breathing apparatus and suitable protective clothing if risk of exposure to vapour or products of combustion

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment and Emergency Procedures	All personnel involved in the containment and disposal procedure should wear eye protection. In an event where there are high vapour concentrations, wear an approved organic vapour respirator. No smoking
Environmental Precautions	Ventilate the area well and ensure the atmosphere is safe before personnel return to the work area. Please see below 'Methods and Materials for Containment and Clean Up'. If contamination of sewers or waterways has occurred, advise local emergency services
Methods and Materials for Containment and Cleaning Up	In the event of a spill, eliminate all sources of ignition and take measures to prevent static discharge. No smoking. Stop and contain the spill by using an inert absorbent material (e.g. soil, sand). Dispose of the material by an approved method. Prevent run-off into drains and waterways. Use water spray to disperse vapour. Ensure that the surface (floor) is cleaned thoroughly with water and detergent as any product residue may leave the floor slippery. Ensure that the area is thoroughly ventilated
